U. S. COMMISSIONER'S OFFICE-Charge of Endeaver to Make a Revolt.—Seven seumen, part of the crew of the bark Helicon, were arrested, charged by Capt. Adams, of the vessel, with attempt at revolt, while the ressel lay at Havana, 21st April last. [It is said they refused to de duty.]

COUT OF GENERAL SESSIONS-Friday Court of General Sessions—Friday

Before the Recorder, and Ald. Denman and Ward—
This for Highway Robbery—Peter Hollis and Hugh
Mehe were placed on trial, charged with having, on
the list till, assaulted Mr. Henry Holmes, of Troy, while
he wast the Five Points, and having robbed him of a
bewast the Five Points, and having robbed him of a
bewast the Five Points, and having robbed him of a
bewast the With Points, and having been
of the prisoners was conclusive, they having been
of the prisoners was conclusive, they having been
of the Mr. Holmes. The prisoners were convicted
and estenced to the State Prison for 10 years each.

Place of Guishy.—Wm. and Samuel Downing pleaded
only, the one to stealing, the other to receiving a gold
with valued at \$35, the property of Joseph B. Henstaw. The prisoners were remanded for sentence.

This for Forgery.—Edwin Wilbar, a young man of
respectable appearance, was placed on trial, charged
with having forged and uttered a check on the Chemical
Bank for \$250. Some testimony was taken, but the
case was not concluded when the Court adjourned for

Bank for \$230. Some testimony was taken, but the case was not concluded when the Court adjourned for the day.

FIRST DISTRICT COURT-Before Judge

First District Court—Before Judge Green—Important suits as to Butchers and others.—The Mapor, &c. spaints John Peters.—The Common Council, a 17th April last, adopted an ordinance giving enlarged powers to the City Inspector, as to removal of dead sumsis, &c. The 4th section is as follows:

The contractor or contractors for removing the shread dead animals, bones and other refuse substances, shall furnish, from time to time, a suitable subser of carts, to be licensed under the hand and seal of the City Inspector, for the purpose of transporting and removing said dead animals, bones, and other refuse substances, in said City; and no person shall transport remove any dead animals or other refuse substances. or remove any dead animals or other refuse substances, uses licensed as aforesaid, under the penalty of \$25 for each offense, to be recovered from the person or persons or removing, or the owner or owners of the valides used for the purpose, severally and respec-

relices used to the purpose of the Corporation has given a finder this ordinance the Corporation has given a contract to remove the offal, &c., to Wm. B. Reynolds, for 5 years, at \$3.500 a month. Mr. R. claims that the section of the ordinance includes all bones, dry, (those having been boiled in cooking, &c.) as well as bones from the butchers' shops, &c., and that he is entitled to them.

Peters, the defendant in this sult, was sent, it apreters, the detendant in this suit, was sent, it appeared, by Mr. Johnson, who has an establishment at Milliamsburgh, with a horse and cart, to a house in Thirdet, New-York, on 22d May, to purchase a quantity of bones (dry.) He purchased a lot at 2 % a bushel, and while loading up his cart with the bones he was arrosted by a police officer, and this suit instituted.

Testimory was taken.

by a pelice officer, and this suit instituted.

Testimony was taken.

It was said on the trial that much money can be made by the bones, skin, &c., of dead horses, and other refuse matter which belong to the contractor.

It was shown, on the trial, that bones are an article of merhandise, and that at least \$100,000 a year are paid for them in this City. They are not only used for manufacturing purposes, such as handles of knives, &c., but for clarifying sugar; also used for medicine, and other purposes. It was also shown that green or fresh bones, from the butchers' shops and slaughter-houses, bring large prices as an article of food in the preparation of coups, &c.

large prices as an article of food in the preparation of soups. &c.

It did not sppear on the trial that Mr. Reynolds had ever applied to take away the bones in question.

There were various points ruised among them as to the right of the Corporation to pass such an ordinance.

The Court considered the main point to be that the ordinance merely applied to refuse bones, and not to bones which are an article of merchandise—that these were not refuse bones, but on the contrary it has been proved that they were articles of merchandise, and the case clearly did not come within the ordinance. On this ground, without any necessity of looking at the other points, judgment must be for defendant. Judgment accordingly.

The Maper, &c. agt. Pento.—This was a similar suit, only it related to fresh, or green bones. Defendant was employed to remove some bones from a butcher's shop in First av., and while doing so was arrested by an officer as in the other case. Similar points were raised, as in the other suit, and judgment also given in favor of defendant.

COURT CALENDAR-This Day-Court GF COMMON PLRAS—Partl.—Nos. 605, 1,177, 1,179, 1,181, 1,83, 1,185, 1,189, 1,191, 1,193, 1,195, 1,197, 1,199, 1,201, 1,300, 1,905, 1,907, 1,009, 1,211, 1,213, 1,215, 1,217, Part II.—Nos. 712, 724, 726, 730, 732, 764, 738, 779, 772, 776, 788, 780, 784, 786, 788, 790.

778, 780, 784, 786, 788, 790.

SUPREME COURT —A Special Term for motions will be held by Judge Roosevelt, at 12 o'clock, or as soon after as the General Term shall have adjourned.

SUPREMOR COURT—Monday,—Nos. 365, 634, 638, 666, 660, 6814, 630, 557, 616, 696, 697, 705, 730, 731, 732, 733, 734, 535, 661, 603, 611, 519, 451, 680, 684, 727, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740.

SUPPLEME COURT.—Special Term.—Monday —Nos. 44, 46, 50, 54, 8, 13, 164, 60, 64, 66, 72, 73, 74, 169, 78.
CIRCUIT COURT.—Monday —Nos. 324, 381, 373, 289, 61, 394, 396, 397, 339, 400, 401, 402, 405, 406, 408.

ASTOR-PLACE OPERA HOUSE .-- The nontheatrical community will find a pleasant resort in witnessing Donertt's Zoological wonders of Monkeys, Dogs and Gusts, at 3 o'clock to-day, and at 8 to-night.

ART AND MUSIC .- The new singer Mile. Alison, where fame is as wide as the world was aquerrectively as Roor's, No. 363 Broadway, in a most finished and elegant picture, which may be seen at the Gallery, it was taken expressly for D'Avignon, the well-known Artist, who will soon publish a splendid lithograph copy of floot's daguerrectype. When Artists of D'Avignon's fame patronize a Darmerrectypist, it is the best of proof that he is at the head of his Art.

GLEASON'S PICTORIAL, for the prebent week, is very beautifully illustrated, and contains an original and very fine drawing of the Datch frigate Prince of Onage, now on a visit to this country, besides an admirable filteness of Professor Longrettlow and his residence at Canfiridge.

-SELF-EVIDENT FACTS. - It does not re-SELF-EVIDENT FACTS.—It does not require much skill to appreciate the brightness of the neon-day sun, nor will the dullest soul listen unmoved to the soni-stirring music of La Somnambula. Quite as apparent, even to the most casual observer, are the beauty and fidelity of the Daguerrectypes, taken at all hours and in any weather, by Whitzhurst, No. 349 Broadway, corner of Leonard-st.

The Second Greenwich Building Assocation will be it their Fourth Monthly Meeting on Monday evening next, at 8 o'clock, at the Bleecker Buildings, Bleecker, near Morton. This Association, thus far, is one of the most successful in the City, and offers great inducements to those who may contemplate investing their su-plus earning. Six there will be offered for redemption at this meeting.

# BROOKLYN ITEMS.

PRIZE FIGHT ON RED HOOK POINT .-Yesterday forenoon, several boat loads of men from the New York side, landed at Red Hook Point, for the purpose of witnessing a prize fight between two of their number, named Michael Welsh and James Cramer, for a bet of \$40 a side. The ground was staked out, and a ring formed, while the principals stripped themselves for the contest. The affair was soon noised about the neighborhood, and a crowd numbering 600 or 700 persons were attracted to the spot in a short time. Some of the party were kept particularly busy in keeping the mob away from the ropes, and knocked down several who displayed too great an anxiety to come nearer than they were wanted. Officer Frost, of the First Police, came up at the beginning of the fight, but being unable mplish anything singly, proceeded to the Third District Station-house, and returned with a posse of Police, by which time the belligerents had tinished their eighth round. As soon as the officers were perceived, a general stampede took place, and one of the princilais and second were the only ones arrested. The others succeeded in regaining their boats, and were off, The two arrested were Mike Welsh and Chris. Burns-Warrants have been issued for all engaged in the affair

ENGINE TRIAL .- Lest evening the members of Empire Engine Company No. 19 proceeded to the foot of Fulton-st., to test the capacities of their apparatus. There was a large turn-out of members, and blage of some hundreds who had been drawn thither to witness the display. They first tried four treams, and succeeded in reaching an altitude of about 75 feet. On the second trial, two streams were thrown to the cap of the liberty pole, near the ferry—the height of the pole being 196 feet 6 inches. On the third trial, with one stream, a height of about 30 feet above the

apex of the , role was attained; and on the fourth, a'so dth one strea.", they played a distance of 182 feet on level. The result proved entirely to the satisfaction of the members of the Company and their friends, who cheered them vociferon sly.

FIRED AT .- On Weo'nesday evening last, a carpenter, named John Wrigh.", while proceeding homeward from his day's labor, was a red at with a musket as he was walking along De Kalbar, near Fort Greene. After he beard the report, he saw it man with a gun in his hand running in an opposite directions which induced him to think there was a design to take his life. As it was, he narrowly escaped injury, the shot passing very near him.

CATHOLIC ORPHAN ASYLUM .-- Rev. Bernard C. Reilly, of St. John's College, Fordham, will preach a sermon in the church of St. Charles Barrammeo, Sydney-place, to-morrow forenoon, when a collection is to to taken up for the benefit of the Catholic Orphan Asylum of Brooklyn.

An iron railing has been placed about the new City Hospital in Raymond-st., and work men are now busily engaged in grading and ornament

The Board of Excise met on Thursday evening last, but adjourned to Tuesday next without granting any additional licenses.

The new and extensive market building on the corner of Fulton-av. and De Bevoiseplace, the upper part of which was blown down some time since, has been re-constructed and is now ready for occupation.

FIRE .- About 10 o'clock on Thursday night a fire broke out in a frame tenement in Tillary-st., near Raymond, occupied by John McNalty. flames communicated to an adjoining building, occupied by James Golding, and both were soon burned down. Loss about \$500.

NEWSPAPER THIEVES .- A boy, named

Hardeastle, was arrested yesterday and fined \$3 50 for stealing a newspaper from the door of a house in Courtst. He had followed the practice for some time, but was never caught in the act until this occasion. CIRCUIT COURT .- Before Judge Strong.

- Pendrell against Bogardus. - Defendant rented to plaintiff the Long Island Branch Hotel, but for some recover damages, and the Jury rendered a verdict of 848 50 for plaintiff. cause withheld possession. This action was brought to

#### WILLIAMSBURGH ITEMS.

GENERAL SYNOD OF THE REFORMED DUTCH CHURCH.-This body continues its session at the Church corner of Fourth and South Second-sts. Yesterday such rapid progess was made in their business that it is evident they will soon adjourn. At the opening of the Synod, yesterday morning, the report of the Professorate was read and adopted. The election of a successor to Rev. Dr. Cannon, Professor of Pastor. al Theology in the University at New-Brunswick, was taken up. On the afternoon previous, the preliminary ballot was had, with the understanding that the three highest should be taken as candidates, from which to st lect two by the second ballot; and of the two, the one having the highest number of votes on the third ballot should be selected. Rev. Dr. John Ludlow, Provest of the University of Pennsylvania, received twenty-five votes; Rev. Dr. Cornelius C. Van Arsdale, of Philadelphis, received twelve votes; Rev. Dr. Ferris, twenty, and the Rev. Dr. Wells, eighteen votes. The first ballot, yesterday morning, was limited to three momi-nees, viz : Rev. John Ludlow, D.D., Rev. Isaac Ferris, D.D., and Rev. R. Wells, D.D. The second bailot was limited to the first two highest names; and the final ballot resulted as follows : Rev. Dr. Ludlow, fortyeven, and Rev. Dr. Ferris, thirty-seven votas; where upon, it was moved and carried that the election of Rev. Dr. Ludlow as Professor of Pastoral Theology and Ecclesiastical History for the University at New-Brunswick, be declared unanimous. Rev. Dr. Bethune was appointed to preach the sermon at the installation of the Professor, and Rev. Dr. Ferris was appointed to de liver the charge to the same.

The report on Foreign Missions was read. It recom-

mended the continuance of the connection of that denomination with the American Board of Commissioners for Foreign Missions, and was adopted.

The Report on Domestic Missions to the Synod showed the following statistics for the past year :

1. In 22 out of 27 classes one or more churches or dissionary stations have been aided during part or the whole of the year.

2. Fifty-seven pastors and missionaries have received some or the whole of their support from your finds.

3. Sixty-six churches and missionary stations have enjoyed the beneficence of your churches.

4. Twelve churches have been organized to which aid have extended.

has been extended.

5. Five new houses have been built.
6. Four churches ask no further aid.
7. Nineteen new churches and new stations have been established or assisted.

been established or assisted.

8. Four hundred and twenty-three persons have been received by profession of fisht, into the churches sided.

9. Four hundred and thirty soven have been received by certificate, from other churches.

10. Eighteen application for aid are now lying upon the Board, on account of the embarrassed state of the treasure.

treasury.

11. One hundred and thirty-five out of three hundred churches have contributed to the funds of the Board.

The following resolution passed: "That the propriety of employing Missionaries or Ministers from time to time, as Evangelists, to carry the gospel to such destitute portions of our large cities as are not reached through our churches be referred to the consideration of the Board of Domestic Missions.

The report on the State of Religion was read by Rev. Dr. Van Arsdale. A contained a full survey of the prosent state of the denomination, and recommended that

a day of humiliation and prayer be appointed.

DIVISION-AVENUE .- The cities of Brooklyn and Williamsburgh are separated by Division-av.which, as laid down on the map, will commence at the water's edge, about four blocks south-east of Peck slip Ferry, at the spot where a tall chimney, belonging to a glue factory, towers high in the air. From that point it will run to the head of South-sixth-st., and thence to East New York, passing the Cemetery of the Evergreens, and forming a junction with Jamaica Turnpike. (now the plank road.) This Avenue, when finished, will be an important, beautiful and spacious thorough fare, by means of which residents in New Lots, Jamaies, Rockaway and other sections of Long Island can easily reach Peck Slip Ferry. It will be 80 feet in width, Fine dwellings have been erected upon the route, in anticipation of its early completion. The value of lots along the line has been much increased. From \$19,000 to \$16,000 has been expended already upon its opening In January last an injunction was obtained upon proccedings for that section extending from South-Sixth-st. to East New-York, by some persons in its vicinity, upon the ground that their property is not justly included in the district of assessment, and that the Commissioners have not been properly appointed. The case is to be argued before the Supreme Court, at its July term, at

The Hudson River (Baptist) Associstion, South, holds its annual session this year in Williamsburgh, on Tuesday, June 22d. The opening sermon will be delivered by the Rev. E. L. Magoon, of New-York, at 10 A. M., his alternate being the Rev. Isaac Westectt. The sermon on "Ministerial Education," by Rev. A. S. Corey, at 712, P. M., Rev. A. C. Wheat his alternate, Rev. E. L. L. Taylor, of Brooklyn, the Moderator, of the last Association, will call the Convention to order. The exercises on the occasion promise to be of unusual interest This was one of the largest Evangelical bodies in the country until some two years since, when a division took place, the dividing line being denominated the "Hodson River Association North." The Southern division is still large, embracing among its membership some of the ablest divines in the country.

DISPENSARY .- The report of the resident Apothecary, rendered to the Trustees of the Dis-pensary at its monthly meeting, shows 1,150 patients during May; 17 of them at their houses; 277 at the Dispensary, and 115 were vaccinated. Of this number 170 were males, and 239 were females. Prescriptions to the number of 501 had been given out.

COUNTERFEITS .- It is reported that \$1 bills on the Willismeburgh City Bank have been altered to \$5's. This institution commenced business about the 24th of May; and this seems rather soon for the appearance of counterfeits. But they may be detected at once The vignette of the \$1's is a ship on the stocks. A five with that vignette is a counterfeit.

RATIFICATION MEETING .- The Demoerats of Williamsburgh are preparing for a Ratification Meeting, They formed a "Democratic Repulican Club," for the campaign, on Thursday night.

#### JERSEY CITY ITEMS.

IN A DILEMMA .- Jersey City is in a dilemma, from which it must be relieved by the 21st inst. or there can be no City Council during the year. A for the cause of the difficulty-as near as we can ascer tain from the various statements-it is not purely a po litical, temperance, railroad, or personal, but appears to be a vexatious compound of all sorts of prejudices, animosities, interests and local feuds of every nature. As the case now stands, eight of the Aldermen have filed their resignation in the Clerk's office, and on the 21st inst., will positively cease to be Aldermen. A sufficient number will not remain to transact business; and unless some arrangement can be effected previous to that day by which an election can be ordered, the practical existence of the Board will cease for the year Such a result would be deplorable. There is no Street Commissioner, and the Street contracts expired on the lst inst. There is no Overseer of the Poor. Contracts to the amount of \$40,000 for City work must be stopped, to the great loss of the City, and all in its service mus go unrewarded. In this state of affairs, it behooves the those upon whom the responsibility rests to rescue this City forthwith from this unpleasant dilemma.

CHURCH ENLARGEMENT .- The Second Reformed Dutch Church-Rev. P. D. Van Cleef, pastor -which is situated in Waynest., and was partially destroyed by fire in December last, has been repaired by an addition of fifteen feet in length to the building. A new organ is being placed in the gallery. The walls are being frescoed in the Grecian style. The back wall in the rear of the pulpit has a most beautiful scene in the lonic style, representing a temple. The panels, cornices and scrolls of the walls and ceiling, are also exceedingly rich, neat and appropriate in appearance. The cost of the repair and improvement will reach about \$5,000. Divine service will be resumed in that church to morrow.

TEMPERANCE.-Van Wagner will not remove his tent to Jersey City, to lecture upon Temperance, until a week hence.

KILLED ACCIDENTALLY BY THE CARS. At the arrival of the Philadelphia train at Jersey at 21/2 o'clock, on Thursday evening, a man was caught between the platform and cars, and rolled along and crushed for a distance of 30 or 40 feet, and the bones of his body and limbs broken. He was killed instantly. He is apparently a Scotchmon, not far from 30 years of age, and has dark, curly hair and sandy whiskers. He had on a blue undercoat, and had with him a dark colored overcoat. He has old scars on his face, one over his right eye, another on his cheek and the other on his chin. He had nothing about him by which a clue to his name or residence could be gained. In his pocket was found a counterfeit \$3 bill on the Franklia Bank, Up to a late hour last night his remains were at the dépét, and no one had recognized them. It is said that he is a moulder from Newark.

SUICIDE AT HOBOKEN .- A Scotchman committed suicide in the woods near West Hoboken, on Wednerday, by shooting himself in the head. He used a pebble stone instead of a bullet, in his pistol. He had a gold watch and some money on his person when found, immediately after his death. The Coroner at Hoboken held an inquest, and a verdict was given ac-

SERIOUS ASSAULT. - On Wednesday right at a late hour, Justice Kidney, who resides at Bergen, was going home, when he was met by a person, who struck him to the ground. Mr. Kidney called for belp and his assaliant fled. He received a cut wound on the forehead by the blow.

INTEMPERANCE .- One Van Riper died at a spot called the Notch, in a state of complete destitution. He formerly resided at Bergen. His death is the result of the intemperance.

# MARRIED.

In Brooklyn, on Sundry, May 20, by Rev. Mr. De Charens, of Phil-delphia. Mr. ANRAHAM POWELL, of Brooklyn, to Mass ELIZA 1, POPUE. Also, on Thursday, Jones 19, by Rev. J. E. Beckwich It WILLAM JONES Jr., of Brooklyn, to Mass CHARLOTTE gdebbie, Mr. ABRAHAM PO G. DODGE. Also, or Thursd Mr. WILLIAM JONES, Jr., MARY DODGE, daughters of the late Charles Dodge, of Lp Massachusetts.
Al Gyster Bay, L. L. on Tuesday, June 8, by Rev. Marmatak.
Earle, RU: HARRD L. PARLISH to Mass SARAH A. SMICH, all of

# DIED.

Tureday, the sth inst. WALER L. the posingest calls of a C. Herburn, M. D., of this City. Brooklyn, on Thereday, June 19, ANNIE, only daughter of an and June E. Rood, area 8 months. At Brooklyn, on Thursday, June 10, Abs11, only acquire of Wilson call Jano E. Ricol, and S months.
At Johnstown, Falton Co., S. Y. on the 1th of May, Mr. JOHN GEANT, in the eith year of leases formerly of this City.
At Bullimore, Md., on Thursday, Jone 10, Gene MDRACE GAY, of Rochester, a Pelepate to the left Ballimore Convention.
At his residence, No. 102 Essex et., on the morning of the 10th metaot, in the 4th year of his age, B. M. CASSIDY.
His relatives and friends of the family are respectfully invited to attend the inneral from the Norick et. Baptist Church, on Sunday mext, at 15 o'cookly. M.

Letters from London spe		\$15,544 continued

etivity and firmness in the Iron market. Mr. John A. Winslow had purchased 5,000 tuns Ralls for a Western Read, and the agent of the Illinois Central Road had offered £5 12 6, bal cash and half bonds, for 20,000 tune, sufficient to complete that Road. The letter also speaks of a good demand and firm prices for American Stocks and well known Ralirond Bonds. A saie of \$200,000 Eric Convertibles, 1803, had been made at 88.

We also learn by this arrival that Mr. W. W. Gilbert, of the house of Gilbert & Johnson, who went out as the agent of Canandatgua and Niagara Falls Railroad had negotiated the Six P cent. Sterling Bonds of that Road for a million of dollars at par and had purchased all the iron needed for the Road at about \$5 P tun below the present price. This negotiation places the Company in a condition to push the Road to completion with great dispatch. They have now all the sections between Canandai gua and Batavia crowded with men, and the Road will be in operation between these points in November or De cember. Two-thirds of the distance from Honeoye Falls to the Genesee River is already graded. The piles for a bridge over the river, 400 feet in length, have been driven and the foundation and abutments are going for ward. This bridge is to have a span of 180 feet. other pile bridges, each 120 feet in length, and a truss bridge of 940 feet, are to be constructed between the river and the Canal; making a total waterway of 1,000 feet. The contractors on this Road, Messrs. King Steinfeldt & Co., are men of energy and means, and wil

complete the Road promptly within the time specified The Rochester, Lockport and Niagara Falls Road will, we understand, be opened on the 20th inst., unless some unforescen event should retard the work. This is a very valuable improvement, and runs through one of the richest portions of the State, Mr. Boody, the Contractor of this, as well as of the New-Haven and New-London Road, which will be opened about the 1st July, has proved his great ability as a Contractor in the promptness with which he has executed his centracts on these works.

The business of the Madison and Indianapolis Road continues to show great results. For the [acrease, 45 ♥ cent......\$2,400

Some speculative sales of the Erie dividend have been made in the Street at 3 4 P cent. Resales of the City Fives of 1890 were made to-day at 41 premium, and of the Jersey City 6s at 41, P cent.

A new Stock Board is in contemplation. for the purchase and sale of Mining Stocks exclusively. Some prominent operators in the Street are favorable to such a movement, and the probabilities are that it will be carried out. The mineral interest is a highly important one for this country, but its development is yet in its infancy. But few persons are aware of the existence of the mineral wealth which is not being explored and developed, and with the recollection of the explosion of the copper speculations of some years since, but few are disposed to examine the mining enterprises which are at present on foot. These new enterprises, however, are far more worthy of attention than many of the fancy stocks which are daily may e the fortballs of Wall-st., and have far greater elements of profit in them. The old copper speculations were all on paper, but the copper and lead companies of Pennsylvania, New-York, and of Lake Superior are now working mines with men and means, to develop them fully, and are exhibiting results which promise larger returns for the capital invested than those of any other stendy branch of industry. We believe the establishing of such a Board as we have alluded to would attract public attention to this great interest, and tend to foster and extend it. At present the operations in these stocks are confined to but a limited number of persons, who have investigated the condition of the different companies, but notwithstanding but few monied men have turned their attention to this avenue of investment the transactions are to an important extent, and shares in all the well-established and promising Companies have risen from 25 to 100 per cent, within a few months. The following is from Thompson's Bank

Note Reporter CALIFORNIA COINAGE.—In prosecuting our researches it to the intrinsic value of the California coinages, we sent a sample of each to the Mint, and are happy to be able

it to the intrinsic value of the California collages, we sent a sample of each to the Mint, and are happy to be able to by before the public the following letter, fully proving all our positions, viz: that no reliance can be placed in the California collage:

MINT OF THE UNITED STATES,

PHILADELPHIA, Monday, June 7, 1822. )

J. TRESSON, Est., Bulkas Broker, No. 7 Wallest, N. Yr.

DEAR SIR: A heavy pressure of business, consequent upon a large arrival of California gold, prevented me from answering on Saturday your notes of the sin inst., which, with the deposits therein named, were received on that day. The directions we are unable to comply with, nor would your object have been attained even it they had been. One hundred dollars is the minimum, fixed by law, for a separate deposit and assay, and as only two of your parcels of coin reached that amount, the rest had to be thrown together or returned. Now, as every lot of cain is made in California (and it would scarcely be goling too far to say every coin) varies in "intrinsic value" with the gold with which it happens to be made and the proportion of silver contained therein, an assay, such as you desire, would not and could not give the requisite tuformation. Under Farmer's Loan was made at 98. The last sale, we believe, was at 96. The market at the close was quite from Michigan Central went to 106, a further improvement

these circumstances, it was deemed most for your interest to make one assay of the coin, and another grains. Very respectfully, your ob't serv't,

The \$16,000 of the Alton and Sangamen Relirond Company offered to-day at auction, by Simeon Draper, brought 82 and 81 47 cent, mostly 82. The Saratoga County Bank has declared

a dividend of 5 P cent, payable Jene 1. The Indiana Journal, speaking of the

sale of Indiana Central Kallroad Honds, made bere a short time since, at about 90mg, says:

short time since, at about 90%, says:

This sale speaks volumes for the Central Road, and without doubt fixes its reputation among Sastern capitalists, at the very highest grade of Western railroads. We apprehend this appreciation of it is correct. It reverses undoutedly one of the best countries in the world, occupies a position that must contained the travel through the central portion of the Onlo Valley, and, in addition to all this, is of easy and change construction, and is in the hands of most excellent and judicious men. These things seem to be well universitive facts and hence this most alvantagrous sale.

The Boston and Worcester Railroad has declared a dividend of three and a half per cent, paya-

A meeting of the Boston and Providence Railroad, was held at Boston vesterday, to hear the report of the Commistee appointed to consider the subject of siding in the construction of the Providence and Bristol Railroad. The Committee reported adverse to making any subscripton toward the work, though they selleved that the road would be profitable. The report of the Committee was disagreed to.

The bids for the loan of \$850,000, for the North Branch Canal, (Pa.) will be opened to-mor-
